

Pray for Iran

- Pray for believers in isolation. Many Christians don't dare to share their faith with anyone around them, or don't know any other believers. They depend on online resources to learn more about God.
- Pray for Christians who are currently locked up in prison for their faith. The conditions in Iran's prisons are very poor and the pandemic has only made the situation worse.
- Pray for those who advocate for the rights of Christians in Iran, both within and outside the country, that they would be listened to and that God would protect them.

8 IRAN

"When believers in a taxi, a bus or other public place, talk about Jesus Christ, many people beg with tears to hear more. Unfortunately, there's much to harvest but the workers are few. I'm sure if we had more people for ministry, truly most of our society would believe." - Darya*
