

10 INDIA

Pray for India

- Praise God that many are coming to faith in India through miraculous healings and the courageous witness of India's Christians. Pray that this will continue, and many more will come to know Jesus.
- Pray for protection for our brothers and sisters, especially those who are new Christians, and those who live in rural areas and are particularly isolated. Pray that God will help their families and communities to accept their new faith.
- Ask God to continue to work through Open Doors partners to bring practical support and encouragement to those who are most in need of help. Pray for wisdom and energy for Open Doors partners, and ask God to protect them as they carry out this vital work, particularly during the pandemic.

"As I was locked in isolation, I realized I had more time for communion with the Lord and I waited with patience, praying and thanking the Lord for everything." -Guarav*
