

# 13 SUDAN

## Pray for Sudan

- Praise God for the steps towards religious freedom in Sudan, answering the prayers of Sudanese believers and many others over a long period of time. Ask God that those in power would continue to make strides in this direction, and it would have real difference in everyday lives.
- Pray for protection for Sudanese Christians from a Muslim background, that they would be able to withstand opposition from their families and communities.
- Pray that Christian women in Sudan would be protected from sexual violence and that they would be able to show the love of Jesus to their communities.

**“The suffering of the brothers and sister here, and especially Christians from a Muslim background, is very tough. We need you to remember them and consider their suffering. May this be a great time that we can express our love practically to them.” - Sudanese Pastor**
